### **EXAMINER'S AMENDMENT**

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

The application has been amended as follows:

#### **In the claim:**

In claim 5, the term of "gas" (line 24) should be changed to -- gap --.

#### **Reasons for Allowance:**

The following is an examiner's statement of reasons for allowance: the prior does not teach all of the limitations of the claimed invention including:

- forming the first and the second longitudinal bias-applying films using the first mask at respective side edges of the magnetoresistive effective element film, so that the difference in surface level between the magnetoresistive effective element film and the first and the second longitudinal bias-applying films is set within +20 nm,
- forming the first and the second electrode films so as to cover top surface edge portions of the magnetoresistive

- effective element film and the first and the second longitudinal bias-applying films,
- forming the second shielding gap film so as to cover said magnetoresistive effective element film, the first and the second electrode films, and
- forming the second shielding film on the second shielding gap film.

Accordingly, claims 5-9 are allowed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
